epiSTEME 10

The tenth biennial international conference reviewing research in science, technology, and mathematics education

January 3 – 6, 2025
HBCSE, Mumbai, India

<https://episteme10.hbcse.tifr.res.in/>

The epiSTEME conferences aim to nurture and promote scholarship in science, technology, and mathematics education (STME) research in India. By bringing together leading researchers from across the globe, the conferences have played a pivotal role in the development of the field in the country. Now in its 20th year, epiSTEME is arguably the flagship conference in STEM education research in India.

Extended abstracts are invited on the strands listed below. Themes within each strand are available on the website.

STRAND 01 STEM Workforce Development

STRAND 02 Cognitive and affective studies in STEM education

STRAND 03 New Media and STEM

IMPORTANT DATES

Extended Abstract Submission Starts	July 8, 2024
Deadline for submission of Abstract	Aug 31, 2024
Notification of acceptance	Oct 1, 2024
Registration starts on	Oct 1, 2024
Deadline for registration	Nov 1, 2024

THEME OF THE CONFERENCE

The theme of epiSTEME 10 will be 'Discipline Based Education Research'. The discussions will be centered around the rapidly changing nature of scientific research practices, and the implications of this ongoing change for science, engineering, and mathematics education. Recent national education policies - such as the National Education Policy (NEP) 2020 in India and the Next Generation Science Standards (NGSS) in the US seek to incorporate frontier scientific research practices in educational curricula. However, this integration has not been smooth and well-focused, given the radical transition that is required. By bringing together scientists, science education researchers, policy makers and teachers, epiSTEME 10 aims to advance this pursuit.

CONFERENCE FEES

Indian & other South Asian participants

INR	Students & Postdocs	Faculty
Registration	₹2000	₹3500
Accommodation	₹4000	₹6500

Other Foreign participants

USD	Students & Postdocs	Faculty
Registration	USD 150	USD 300
Accommodation	USD 150	USD 300

*Registration fees will include the conference kit and all meals during the conference

All presenters must register for the conference

CONVENORS

Dr. Mayuri Rege and Dr. Mashood K. K
